# Our Commitment To You

As an industry-leading surgical repair company, our goal is to provide you with many years of troublefree service from your surgical equipment. We pride ourselves in delivering an unparalleled level of quality and service.

With factory-trained technicians working in our state of the art laboratories, you can rest assured that we will get your equipment working again quickly and reliably.

As part of our quality management system, every piece of equipment must pass our quality testing and performance process before it is returned. This is an internal quality control standard that ensures quality repairs.

Thank you for your business. We look forward to working with you.

# Electric / Battery / Pneumatic Handpiece Repair

With a devotion to the highest quality of repairs, we use only the finest precision parts in servicing a broad range of equipment. From repairing drills and saws, to refurbishing batteries, we can help you to avoid the premature replacement of expensive power equipment. We commonly repair items that the manufacturers tagged non-repairable. The Surgical Equipment People get your equipment working again quickly and reliably – for as much as 45% off the cost of the same repairs performed by the original equipment manufacturer.
